conditioning.

## Our leading heating and cooling brands

**Dimplex**

For almost 70 years, Dimplex has been the trusted name for electric heating. Today, it remains the market leader in the creation and manufacture of energy efficient electric heating appliances and systems, with a portfolio of more than 700 products. Its experience and expertise are matched by a deep-rooted and continuous investment in new ideas, modern design, and ongoing innovation to deliver market-defining heating and air treatment.

**NOBØ**

Nobø offer the best in heater components, production, design and technology. Its technology platform sets the standard for electrical heating, with innovative timer controls, temperature sliders and pre-set timings all helping to reduce electricity bills. It's no wonder Nobø is the manufacturer of choice for state-of-the-art electric heating control.

REAL  FLAME

Real Flame has been manufacturing gas log fires in Australia for more than thirty years. As well as being leaders in gas fireplace technology, its products are meticulously finished using only high quality materials and the very latest safety devices. In 2014, with a new range of pit fires, Real Flame's technology moved to the garden and beyond. All of its products are designed, researched, developed and built in their Scoresby facility in Melbourne.

All rooms. All Australian homes.

We work with and for our customers to provide contemporary solutions, adding convenience and elegance to every room in every Australian home.
